SPRING HUNTS:

Unit 13 (Interior Alaska):

Baited Grizzly

Located in the famous Denali area! Our Baited Grizzly hunt is the best option for someone looking for a straightforward, high opportunity, and physically less demanding hunt. Adding a ton of value, this trip is **ALL – INCLUSIVE!** A client will have a one-on-one experience with their assistant guide and a choice of 10 premier bait sites in tested locations that have produced bears year after year. This area is famous for the color variations in the hides including the Toklat color phase! Lodge based – a client will have all the amenities of home with one of our lodge partners including: showers, wifi, bed, real food, ect. In June the sun never goes down in this part of Alaska and we have found the best opportunities are overnight on the baits. The actual hunting nights amount to 8, with two dates available in the month of June. See overview page on Baited Grizzly for more information!

OVERVIEW:

**NEW
HUNT!**

Unit 17 (SW Alaska / Bristol Bay):

Snowmachine Brown Bear

By far one of the most action-packed adventures that Alaska has to offer! This hunt is at the very end of winter/beginning of spring break up here in Alaska. When the winter nights have given way to long days but the temperatures are still cold enough where it's conducive to snowmachining. During these 3-5 weeks the conditions are perfect for bear hunting! We take off each morning from one of our lodging partners in Dillingham, AK and explore the back country of unique southwestern AK in search of bears or dens. One-on-one or Two-on-one options available! There is plenty of challenge with this hunt but very few hunts have such an experience as this! See overview page on Snowmachine Brown Bear for more information!

OVERVIEW:

Snowmachine Brown Bear:

Dates: April 1 – 10; April 11 – 20; & April 21 – 30

Species: Brown Bear & Black Bear

- Operating Fees and Permits

Not Included:

- **Gratuity (we recommend 10%)**
- **Roundtrip transportation to Anchorage, AK**
- **Shipping Trophies to your residence**
- **Butchering & Taxidermy**

FALL HUNTS:

Unit 17 (SW Alaska / Bristol Bay):

Moose

Without a doubt our premier hunt!! Hunters come from all around the world for a chance at an Alaska-Yukon moose from southwestern Alaska. This area is famous for its high populations and large genetics. All ABGH camps are operated in remote areas accessed only by small wheel planes and the client in camp is the only hunter who has, or will, hunt a moose from that location all season. Tent-based spike camps are extremely comfortable equipped with heat, cots, and real food. One-on-one and two-on-one options are available and a packer is provided to every camp. This hunt is **ALL INCLUSIVE!** See the overview page on Moose for more information!

OVERVIEW:

Moose:

Dates: September 5 - 15

Species: Moose, Brown Bear, Black Bear, & Wolf

Included:

- Pickup in Dillingham, AK

- Food & Supplies
- Operating Fees and Permits

Not Included:

- Gratuuity (we recommend 10%)
- Roundtrip transportation to Anchorage, AK
- Shipping Trophies to your residence
- Butchering & Taxidermy

Unit 17 (SW Alaska / Bristol Bay):

Brown Bear Combo

In the same area as our spring brown bear hunt, but just a lot less snow! Sandwiched at each end of our moose date this bear hunt is a classic spot and stalk style trip in the backcountry of southwestern Alaska. This area is loaded with bears and our hunters have had very high success rate here for years. Comfortable tent style spike camp with cots, food, and heat. A hunter will have 10 days with their guide to find a bear they would like to harvest. Once again, this hunt is **ALL INCLUSIVE!** There is without a doubt a ton of value packed into this trip! See the overview page on Brown Bear Combo for more information!
